

The Munchkin NOOK

CLASSROOM GROUP ACTIVITY

Cloud stories

“Bumpy liked to lie back in the boat as it gently rocked and dreamily admire the clouds. The only thing that made him sad was that he was always alone. In his loneliness, he often created funny stories about the shapes he saw in the clouds.”

1. Do you sometimes feel lonely? What do you do then? Do you like looking up the sky and find clouds with funny shapes?
2. Look at the following pictures. What do these clouds look like?
3. Use these cloud images to make up a story together with your group.
